

COUNCIL FOR THE PROTECTION OF JERSEY'S HERITAGE

19 Magnolia Gardens, La Route de St. Aubin, St. Lawrence, Jersey, Channel Islands, JE3 1JW

An invitation to join

If you are you concerned about -

- *The continuing pressure on the Island's green-fields for housing development;*
- *The plan to build houses on the Plémont headland rather than return it to nature;*
- *The planned demolition of listed historic buildings - especially within the historic core of St. Helier;*
- *The fact that the vast majority of development takes place in Jersey without professional archaeological assessment or supervision;*
- *The lack of an accredited Archaeological Field Officer in the planning department;*
- *The failure of the Planning Application process to uphold 2011 Island Plan Policies;*

or you agree that -

- *Jersey is paying no more than lip service to its obligations under the Valletta and Granada conventions to protect and manage our heritage assets to recognized international standards;*
- *The designation of the Channel Islands as a World Heritage Site would ensure that our heritage assets are safeguarded and conserved to international standards and that such designation would provide the tourism industry with a long-lasting and powerful marketing tool?*

. then why not join us?

The Council for the Protection of Jersey's Heritage (CPJH) was established in 2005 to advise upon and promote the protection of Jersey's rich and varied heritage. Membership is open to all aged seventeen and over, either as individuals or as representatives of other organisations sympathetic to these purposes.

The Council maintains a watching brief on all aspects of the welfare and management of Jersey's heritage. This includes monitoring registers and listings of all areas of archaeological sensitivity and ensuring the proper implementation of policies, regulations and 'best practices'. Although managed by an executive Committee, the need for a swift response often means that the specialist working groups, listed below, operate autonomously.

19 Magnolia Gardens, La Route de St. Aubin, St. Lawrence, Jersey, Channel Islands, JE3 1JW

Established specialist working groups are:

Archaeology, Geology, Landscape & the Listing of Archaeological Sites: Leader - Dr John Renouf
Urban Conservation & Rescue: Leader - Andre Ferrari
Fortifications: Leader - Paul Burnal
Heritage Protection Policy and Island Plan implementation: Leader - John Mesch
Vernacular Architecture (pre-1799): Leader - Neil Molyneux

The Council believes that there is a need for a body which will ensure that all matters of concern are being adequately addressed and do not escape scrutiny by default. While its members recognise that there are other organisations with interests in some of the above areas, they are aware that there are also areas for which no established body claims responsibility.

If you agree with and wish to support the aims of the Council, either in principle or through membership of one of the specialist groups, membership costs:

£12 for two adults, £10 for one adult and £6 for Students.

If you would like any further information, please contact either me on (01534) 723739 or mauricedubras26@gmail.com or telephone R. Anthony (Vice-chairman) on (01534) 853012.

We will be very grateful for your support. Thank you
